

dololyte

Stress buster at all times

dololyte is a unique formula to overcome stress and improve the overall productivity of the birds.

Each 100g contains:

Calcium lactate	2.0 g
Potassium chloride	5.5 g
Sodium chloride	0.9 g
Sodium bicarbonate	3.0 g
Sodium acid phosphate	0.75 g
Sodium citrate	6.6 g
Magnesium sulphate	0.9 g
Ascorbic acid (coated)	1.8 g
Lactobacillus viable spores	3000 mio cfu
Dextrose anhydrous	Q.S
Enhanced with Reservet	
Fortified with Acetylsalicylic Acid	

BENEFITS

- **Replaces Na⁺ & K⁺** lost during heat stress
- **Dextrose** provides instant energy due to immediate absorption
- **Reservet** is a potent, anti-oxidant, anti-inflammatory & immunogenic molecule
- **Acetylsalicylic acid** acts mainly as a temperature buster
- **Probiotic spores** improve gut micro-flora by competitive exclusion
- **Calcium & Magnesium** improve egg shell quality
- **Thermostable** & safe at pelleting temperature

USAGE:

Drinking water: 1g/ 2L of water

Feed: 1kg/ ton of feed

PACK:

200g & 1Kg pouch

INDICATIONS

- During **wet droppings**
- Recommended for use as a supplement in water/ feed to **reduce stress caused by high environmental temperatures & humidity during summer**
- **As a supplement for day old chicks to reduce mortality due to stress** caused by transportation, handling, vaccinations, de-beaking & other management operations
- **As a valuable electrolyte source** during outbreak of diseases in a farm, especially those affecting the gut

* Animal feed supplement, not for medicinal use

The logo for dololyte features a stylized rooster head icon in orange and black to the left of the word "dololyte" in a bold, lowercase, sans-serif font. The "do" is orange and the "lolyte" is black.

**STRESS BUSTER
AT ALL TIMES!**
