

# Olacid<sup>+</sup>liquid

## An ideal water acidifier

**Olacid<sup>+</sup>liquid** is essentially a water acidifier for Poultry and Swine. Its active ingredients are **buffered organic acids** blended with **lemongrass oil**.

### Each 5 ml contains:

Buffered organic acids

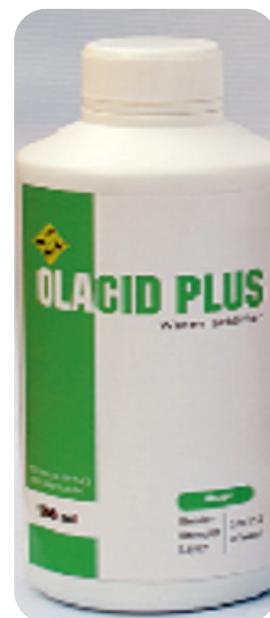

Lactic acid

Formic acid

Citric acid

Phosphoric acid

Enhanced with **lemongrass oil**

## BENEFITS

- The **buffered organic acids** reduce pH of water, lowering the microbial load
- **Enhances** digestive process and nutrient absorption by promoting normal gut flora and gut integrity.
- **Improves** Feed Conversion & Better Productivity
- The **organic acids** have bacteriostatic and bactericidal effects
- **Lemongrass oil** has anti-bacterial, anti-helminthic activity

## INDICATIONS

- **Reduces** incidence of Salmonellosis and Colibacillosis
- To lower the **pathogen load**
- **Improve** digestibility and assimilation of nutrients
- For better feed conversion & performance

## USAGE:

Layer & Broiler,

Breeder & Swine: 1ml/ 3L- 5L of Drinking water

**PACK:** 1L & 5L cans
